

## WHAT WE DO

- ◆ A local club dedicated to helping the community whilst working under the umbrella of Lions Clubs International.
- ◆ We have 30 plus men and women members . All of whom are keen to help those in need within the local community.
- ◆ We raise £50,000 or more each year for those in need by running a number of events. We also run a variety of Service activities for the community ourselves.
- ◆ Typically 90% of funds raised is donated to individuals and charitable service groups delivering services to the people of Maidenhead . The other 10% is donated to Lions Club International whose health initiatives and disaster appeals are coordinated by Lions in the countries in need.
- ◆ All this is very rewarding and we have fun doing it. Not only are the events a lot of fun but we have regular social events to help celebrate our success in helping those in need.

### Why not join the pride?

We welcome new active members to help with fund raising & running the club.
